Sexual Attraction

...how to make any girl or woman feel a strong sexual desire for you in the shortest possible time.
In the world of dating and seduction, there is a **very powerful tactic** that makes it easy for any guy to get a girl or for any guy to have a girl or a woman want to be in an intimate and sexual relationship with him.

This is a simple but often overlooked tactic that makes ANY girl or woman feel a STRONG ATTRACTION for a guy in a relatively short time.

It makes interactions lively and alluring, draws out a girl’s wild side, and creates an atmosphere where sex happens spontaneously.

This important element is none other than **SEXUAL ATTRACTION**.

Sexual attraction is the **feeling of lust or the strong sexual desire** we feel for someone.

Many guys look to get into an intimate and even sexual relationship with a girl they desire but often overlook the vital role of sexual attraction.

If there’s one thing that will make ANY girl or woman **want you** and **want to be in an intimate and sexual relationship with you**, it’s getting her sexually attracted to you... **INADVERTENTLY** or **DELIBERATELY**.

You see, sexual attraction is the most powerful form of attraction.

When it comes to attraction, undoubtedly, there is **physical attraction**, and there is **emotional attraction**... but **sexual attraction** beats both.

Getting a girl or a woman sexually attracted to you makes getting into a romantic and sexual relationship with her very easy and quick.
Sexual attraction makes a girl or a woman *feel like having sex with you*.

It *overrides* a girl's *preferences*. That means when you meet a girl and you’re not her type or the kind of guy she usually goes for, or if she has certain looks that she gets hot for, having her feel a sexual desire for you will *override* those desires and preferences and make her want YOU.

Sexual attraction *outweighs* any financial and appearance factors. It is *so powerful* that even if you don’t have the male-model-good-looks, if you’re not rich, if you don’t drive a nice, or live in a nicer apartment, you can still make any girl or woman feel a strong attraction for you and want to be with you.

Ever fell in love and wanted to be with a girl you didn’t find physically attractive?

…it’s because you were sexually attracted to her that you ignored everything else.

Again, sexual attraction makes a girl or a woman want to be in an intimate relationship with even when you’re not her type or the kind of guy she usually goes for.

When a girl or a woman feels a strong sexual desire for you, she will want you *regardless of what she wants in a guy*. 
If you’re not getting anywhere with girls or succeeding in having girls or women see you in a romantic way...

...chances are they don’t feel SEXUALLY ATTRACTED to you.

If you’re losing girls, if a girl you thought had feelings for you is now becoming unavailable to hang out or she has stopped answering your calls or not responding to your texts, chances are she doesn’t get that sexual tingling down her genitals when she’s with you.

Ever met a girl you had a crush on and wanted to have a romantic relationship with her, but she seemed uninterested? She liked you and enjoyed your company, but wasn’t responsive romantically?

Or probably you are friends with this girl... you’re always at her beck and call, you fix things for her, you buy things for her, you run errands for her, you respect her too much to make a move, YET after doing all these favors and being nice to her she doesn’t want to be with you in a romantic way?

You probably made a move once or twice and softly got rejected.

Again, chances are she doesn’t feel SEXUALLY ATTRACTED to you... there’s no sexual chemistry between the two of you to make her want you or want to be in an intimate relationship with you.

Sure, a girl will like you and enjoy your company, but if she doesn’t feel sexually attracted to you, she won’t feel comfortable moving things beyond friendship.

Girls (or women) crave a sexual connection when it comes to the guys that they want to be in a romantic relationship with... and just being sexually boring isn’t enough to keep a girl’s interest going.
Now, how do you # # # # # # # # # # # to you?

Simple...

...by # ######.

The ability to # # # # # # # # # # # and have her feel a sexual desire for you is a powerful asset you can ever have in your dating repertoire.

The stronger the # # # # # # # # # # #, the stronger the attraction she will feel for you.

When you # # # # # # # # # # # #... 

...you instantly create a sexual desire in her.

If she’s somewhat attracted to you, # # # # # # # # # # # will escalate that existing attraction.

# # # # # # # # # # # # will get her sexually excited and thinking about sex with you.

You position yourself in the girl’s mind as a guy she will want to have sex with and thus make getting intimate with her easy-peasy.

The girl or the woman will see you as a potential lover and not just a guy she will want to be “just friends” with.

And the good news here is, the guys the girl meets and those she normally hangs out with DEFINITELY don’t relate to her this way... thus, # # # # # # # # # # # will make you stand out from all these ‘boring’ guys.

When you # # # # # # # # # # #, she won’t be able to help it but feel sexually attracted to you.

She will want you regardless of what she wants in a guy.

# # # # # # # is the key to getting intimate with her in the shortest possible time and even on the first day of meeting her.

How powerful is that!
When a girl feels a strong sexual desire for you...

...she will want you BADLY regardless of how you look like and your financial status.

She will be fixated on you, obsessed with you, and will want to hang out and be with you all the time.

Your interactions will be lively and full of flirtatious remarks and sensual physical contact.

She will be getting more touchy-feely with you, calling you on phone and texting you more often, and might even try to have phone sex with you.

The fact is, girls are very sexual people, and will bring out her wild side.

And don’t be surprised when the girl, as innocent as she might seem, starts telling you WHAT she likes when it comes to sex and HOW she likes it... you know!

Finally, she is going to give you noticeable signals to get intimate with her.

She will intentionally show some skin to sexually arouse you when you hang out. She will deliberately wear a see-through top so that you see her nipples. Or she will dress in a manner that will expose her bosom – to make it easy for you to make a move on her.

Her actions and suggestive remarks will tell you she wants things to get intimate. And here, you can make a move on her and she won’t stop you – she’ll be receptive and responsive to it.

Isn’t that great? 😊
Girls and women respond STRONGLY to ********...

…and the powerful of them all is ********.

If you ********, she will want you.

She will want you just because she will love how she feels when she’s with you or thinking of you.

You see, the fact is, we humans need a certain level of sexual desire for the opposite sex to drive us toward needing them.

We guys, our sexual trigger is by sight… we see a physically attractive girl and we feel an instant attraction for her and would want to have sex with her.

But girls’ (or women’s) sexual trigger is by the way we guys make them feel inside… specifically the ********.

When a girl meets a guy or is with a guy, she craves that tingly feeling of sexual tension – she wants to feel sexy, excited, and turned-on rather than bored...

…and the guy who can make her feel those things is the one she’ll want to have an intimate and sexual relationship with.

So again, if you ********, she will want you... regardless of what she wants in a guy.

Sexual attraction is the most powerful form of attraction.

You don’t even have to worry about other guys coming along and trying to steal her.

She will ignore everything else and wouldn’t want any other guy but YOU.
Making a Girl Feel a Strong Sexual Desire For You
The **fastest** and **most effective** way to get any girl or woman **madly and passionately attracted to you** is to __________________________.

When you meet a girl or a woman you desire and you would want to get into a romantic or intimate relationship with her, you will have to __________________________ and have her feel a strong sexual desire for you... and **do it as quickly as possible**.

In this guide, I reveal to you how to __________________________ the girl or the woman you wish to have a romantic relationship with in order to make her feel a strong sexual desire for you.

I have broken the process down into 3 phases:

**Phase #1: ******************

This is a VITAL first step toward achieving your overall outcome... and it is very important.

**Phase #2: ******************

**Phase #3: ******************

This is the beginning of the romantic relationship you wish to have with the girl or the woman you desire.
The beauty of this three-phase process is that it can be sped up or slowed down as necessary.

In other words, this strategy or attraction-building process can be put into action and the final result can happen within a day or in a short time. Or the process can be stretched out over a couple of days. It all depends on HOW and WHERE you meet the girl.

You can meet a girl and move quickly from “hello” to getting intimate or sexual with her on the very same day or the next. Or it can take a couple of days to get the girl or get intimate with her.

Similarly, you can also quickly get intimate with a girl you’ve had previous interactions with or a girl who is already familiar with you.

As long as you follow these 3-step process, you are guaranteed to get intimate or have the romantic and intimate relationship you wish to have with the girl you desire.

Without further ado, let’s get started.
Author’s Note:
